

North Bay Antoine Ski Racers

PARENTAL RESPONSIBILITIES

In regards to parental involvement, we have come to the decision that we need to provide a stimulus to get everyone involved. In the past we have hoped that more parents would get involved in our program. Unfortunately, this has not been the case. Although, most parents realize that help is needed to run the races, the club also needs help to perform the other functions which are important to running our program.

Members will be required to submit a post-dated cheque in the amount of \$200.00 (two-hundred dollars) made out to the North Bay Ski Racing Club for March 13, 2018. In exchange for a time donation in such things as: timing, being a part of the race committee, being on the executive team or fund raising team, you can reduce, or totally eliminate, the post-dated cheque obligation.

As a race volunteer, you will receive a \$100.00 reimbursement. There are typically 3 races per season. By becoming a race volunteer, you will also be given the opportunity to receive an additional \$100.00 reimbursement by participating in any other of the following listed activities which we require parental volunteers for:

1. Executive team duties
2. Fundraising (includes finding sponsors)
3. Team leader for volunteers
4. Organization of annual dinner
5. High school races (liaison & organization)
6. Inventory and organization of equipment
7. Media liaison
8. Ski exchange
9. Membership (drive and renewals)

NOTE: *the above is not exhaustive as new things may come up during the year.*

***One parent per family
First year family is exempt***
